EDUCATION

Master of Computer Applications (MCA)   **Bangalore, Karnataka, India**
Bengaluru North University – 86%   *2022-2024*

Bachelor of Computer Applications (BCA)   **Bagepalli, Karnataka, India**
Bengaluru North University – 89%   *2019-2022*

Pre-University Course (PUC)   **Bagepalli, Karnataka, India**
Department of Pre-University Education – 87%   *2017-2019*

Secondary School Leaving Certificate (SSLC)   **Gulur, Karnataka, India**
Karnataka Secondary Education Examination Board – 72%   *2017*

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL
Technologies: Core Java (JSE), JEE (Servlets, JSP, JDBC), HTML, CSS
Frameworks: Hibernate, Spring Framework
Databases: MySQL
Concepts: Object-Oriented Programming (OOP)
Developer Tools: Eclipse, VS Code, Postman

PROJECTS

- **Online Food Delivery Application**   **link**
  Technologies: Java, JavaScript, JDBC, JSP, Servlets, Html, CSS, MYSQL
  Developed a dynamic online food delivery platform, improving restaurant and menu management. The system allows users to browse restaurants, view menus, place orders, and track deliveries. Integrated features such as order history, real-time menu updates, and efficient restaurant management.

- **Employee Management System**   **link**
  Technologies: Spring Boot, Hibernate, JSP, MySQL, JPA, Maven, MVC Pattern
  Developed a web-based Employee Management System to perform CRUD operations on employee data. The system allows users to add, update, delete, and view employee details.

CERTIFICATION

- **Full Stack Web Development- Tap Academy (2024):** Hands-on experience with frontend and backend development.
- **Fundamentals of Full Stack Web Development- Exceller (2023):** Acquired foundational knowledge of web development.
- **Backend Web Development- Developer Student Clubs (2024):** Gained expertise in database handling and API development.

EXTRA CURRICULAR ACTIVITIES

- Participated in **INNOCODE FEST** at Krupanidhi College of Management, improving coding and problem-solving skills.
- Solved 250+ coding challenges on Tai Platform from Tap Academy.
